- Portfolio: <https://github.com/Sstanley45>

## Professional Summary:

I am a technology enthusiast and web developer with expertise in various technologies, including React, WordPress CMS, Node.js, MongoDB, TypeScript, and Tailwind CSS. Diligent and hardworking, I am always eager to learn and possess a strong ability to work independently or collaboratively. Recently graduated with a degree in Computer Science, I have gained practical experience through an internship where I showcased my proficiency in web development using a variety of tools and frameworks.

## Work Experience: Intern, Kenyatta University (6th July 2022 – 30th September 2022)

- Completed an internship as a requirement for the degree of Computer Science.
- Demonstrated proficiency in web development using React, HTML, CSS and JavaScript.
- Participated in the development, testing, and maintenance of web applications.
- Collaborated with cross-functional teams to gather requirements and design user interfaces.
- Debugged and troubleshooted frontend issues to ensure optimal performance and user experience.
- Implemented responsive web design principles for applications to render well on various devices and screen sizes.
- Adhered to coding best practices and contributed to code quality improvement.
- Supported the team with general administrative tasks as needed.

## Education: Degree, Bachelor of Computer Science, Karatina University (2019 - 2023)

- Completed coursework towards a degree in Computer Science.

## Skills:

- Web development with React, HTML, CSS, JavaScript, Next.js, Node.js, MongoDB, TypeScript, and Tailwind CSS.
- Proficient in using modern web development tools and frameworks.
- Web Design and customization with WordPress.
- Excellent written and verbal communication skills in English.
- Strong organizational skills and ability to manage multiple projects simultaneously.
- Experience with version control systems, such as Git and Github.
